# Marking Your Territory

**Biigtech** excel in real estate innovation and excellence. Our tagline, Marking Your Territory, captures our mission to transform spaces into vibrant communities, bustling commercial hubs, and luxurious homes.

**Vision and Ambition:** We see potential in every piece of land, turning it into landmarks of growth and prosperity for both Biigtech and our clients.

**Empowerment and Ownership:** We empower clients to have their own desirable spaces, whether it's a business district, residential area or industrial park, providing the foundation for dreams to be built and futures to be secured.

**Innovation and Excellence:** Using cutting-edge technology, sustainable practices, and innovative design, we would be creating lasting spaces and set new standards in real estate.

**Community and Connectivity:** Our projects would foster connection, convenience, and a time of belonging, creating spaces where people can live, work, and thrive. Investing in Biigtech means partnering in growth, innovation, and excellence. Join us in marking new territories of success.

MARKING YOUR TERRITORY  
GREATER NOIDA

Knowledge Park 3 in Greater Noida is a prominent area known for its educational institutions and commercial establishments. The population distribution in terms of residential, working professionals, and students can be estimated, but specific numbers may vary over time and are not always readily available. Here is a general idea based on typical trends:

## **1. Residential Population:**

Knowledge Park 3 primarily features a mix of residential and commercial properties. Residential areas include apartments and housing societies. The residential population might be around 10 to 20 lakh (1 to 2 million) people, but this is a rough estimate and could be higher or lower depending on recent developments and housing projects.

## **2. Working Professionals:**

The area hosts numerous offices and business establishments, contributing to a significant population of working professionals. The number of professionals working in Knowledge Park 3 might range between 5 to 10 lakh (0.5 to 1 million) individuals. This includes employees in various sectors, including IT, education, and other services.

## **3. Students:**

Knowledge Park 3 is home to several educational institutions, including universities and colleges. The student population could be substantial, potentially ranging from 1 to 3 lakh (0.1 to 0.3 million) students. This includes both full-time students and those attending evening or part-time classes.
